Urgent Service Warning

This is a final notice that your electric account is seriously past due. Unless the full balance is paid or a payment arrangement is approved, electric service is scheduled for disconnection on April 21, 2026.

Loss of electric service may affect refrigeration, lighting, medical devices, and the ability to safely remain in the home. Reconnection fees may apply after shutoff occurs.

If you believe you qualify for hardship protection, medical certification, or utility assistance, contact customer support immediately and be prepared to provide supporting documents.

Required Action Within 48 Hours

Pay \$384.16 in full or arrange approved hardship protection before April 21, 2026.
If someone in the home depends on medical equipment, request emergency protection immediately.
